

## RCB 140

## Light weight breather fabric

**Tygavac RCB 140** is a recycled non-woven fabric designed for ambient or oven cures. It is lightweight and very drapable conforming easily to contour shapes. **RCB 140** is an excellent alternative in non-autoclave breathing or bleeding application.

### Important Note

**RCB 140** does not exhibit release characteristics and therefore, should be separated from the laminate by a Release Film and Fabric. This product is inexpensive since it is not made to advanced composites QC standards. Recycled polyester fibres may result in some imperfections on the roll.

### Typical Properties

Maximum operating temperature	190°C
Colour	White
Nominal weight	140g/m <sup>2</sup>

### Availability

1.52m x 100m rolls

Wider widths available on request. Slit rolls and cut to shape service available.
